

Sartorius Introduces a Free Comprehensive Lab Catalog

Sartorius Mechatronics Corp.
131 Heartland Boulevard
Edgewood, NY 11717
USA

www.sartorius-usa.com

Sartorius introduces a comprehensive overview of its products including ultramicro-to-basic balances and scales, metrology products, pH meters, weight sets, moisture analysis, a water detection system, and nationwide service capabilities. The catalog includes application references, product descriptions technical information, and specifications,

New this year is a comprehensive line of lab balances called the new CP series. The new CP offers precision weighing in 29 models with capacities ranging from 0.5 mg to 34,000g for any application. The proprietary monolithic weigh cell virtually eliminates the influence of inside and outside temperature fluctuations.

Other balances and scales of interest include:

- Sartorius rugged industrial platform scales, precision scales, automatic checkweighers, level by weight, load cells, batching and filling equipment to metal and X-Ray detection systems.
- Sartorius LMA200P Moisture Analyzer. Utilizing the loss-on-drying technique that heats the sample with microwave radiation and in just 40 to 120 seconds the Sartorius LMA200PM delivers precise moisture content of the substance being tested.
- Sartorius PMD300 Moisture Analyzer. Utilizing microwave resonance technology, it is designed especially for online analysis providing the user with a complete accurate overview of the current state of their production process.

A profile of Sartorius

The Sartorius Group is an internationally leading laboratory and process technology provider covering the segments of Sartorius Mechatronics and Sartorius-Stedim Biotech. For the Sartorius Mechatronics segment in particular, the company manufactures equipment and systems featuring weighing, measurement and automation technology for laboratory and industrial applications. Its Sartorius-Stedim Biotech segment covers major areas of focus on fermentation, filtration, purification, fluid management and laboratory applications. Key Sartorius customers are from the pharmaceutical, chemical and food and beverage industries and from numerous research and
